Smart home technology

Want to find out about smart home technology and how it works? Join a free live streamed presentation for older Australians, hosted by the eSafety Commissioner.

We will explain what smart home technology is, how it works and what you need to set one up, and how to protect your privacy and safety while enjoying all the convenience this technology brings.
Join our presentation to learn:

- the benefits of smart home technology
- what you need to set up a smart home
- how a voice assistant works
- how to protect your information and keep yourself safe.
