

Free online presentation

Be Connected

Every Australian online.

Managing your emails safely

Want to learn how to manage your emails safely? Join a free live stream presentation for older Australians, hosted by the eSafety Commissioner.

Having an email address is your gateway to the online world. Get the most out of using email by exploring email account features, ways to manage spam, and more email safety tips.

Join our presentation to discover:

- the benefits of email and account features
- how to manage and avoid spam emails
- ways to keep your email account secure
- how to avoid common email scams.
